**Echelon Residential Product Support**

Ameristar is continuing the suspension of all incoming purchase orders until further notice on all Echelon residential products (5/8" picket) due to product availability issues.

Please note that our Echelon II and Echelon Plus product lines are not affected and are available at normal lead times.

Also note that Jerith has two 5/8" picket aluminum product lines (Jerith Liberty & Jerith Legacy) with standard lead times that can support your needs during this busy season. Some styles are available in stock for immediate shipment.
