

May 25, 2022

Attn: Ameristar Customers

Ref: QuikRok

Effective today, based upon customer input we are reopening QuikRok sales in bag form. By temporarily providing this product in bag units we hope this will alleviate any excessive volume demands.

Once supply and labor issues normalize it is our goal to provide QuikRok within its intended packaging, with no delays in service or availability.

As always, we strive for transparency – thus this temporary solution of providing QuikRok in bag form will be evaluated July 12<sup>th</sup> and further communication will be released at that time.

Thank you for your patience and commitment to Ameristar as we traverse thru the coming months.

Thank you,

Clay Hamann  
Vice President, Sales & Marketing
